

Come and join people who are seeking or accessing care and support in the East of England over a brew!

Coproduction #OverABrew

BringAButty – or lunch of choice!)

We know that the experience people have, when supported by or when working in Adult Social Care needs to change. Are you interested in being part of conversations that will help bring about this change? Come and join likeminded people over a brew!

These sessions are open to anyone:

- receiving or looking for adult social care and support*
- working in Adult Social Care and related services*

The region is excited to be working with Curators of Change. Curators of Change will be facilitating short flexible discussions with people who just want to chat, want to meet people in similar circumstances and/or wish to influence the regional priorities going forward.

Each session will be themed around how well we:

1. Work with people including how we assess needs and provide information and advice?
2. Provide co-ordinated and flexible support to people?
3. Ensure safety, make people feel safe and support people around risks?

4. Demonstrate compassionate leadership and a learning and improvement focused culture?

These sessions will be interactive zoom workshops, they are non-mandatory and flexible – come to as many or as few as you like.

It is an opportunity for you to share thoughts and ideas, informally and agree some key recommendations to shape how this forum develops to best support people across the ADASS East Region.

As part of the work, Curators of Change will feedback following each session three key pieces of information which will help the improvement networks across the East. Feedback and actions at the end of the 6 sessions planned will be documented (what we said, what we did). We will review how well the sessions are working after a 6 month period to ensure we learn and reflect according to people's needs.

We have set up the zoom link and dates for the monthly “over a brew” sessions:
