# VIRTUAL COFFEE SESSIONS

Season 3  
2024/25

**“Over a Brew”** is a virtual online space made available to bring people together to discuss, share and improve experiences in adult social care over coffee.

The region, alongside Curators of Change (people who use care services), hosts "Over a Brew" sessions for open discussions among people who access care and support, carers, commissioners, and providers. These sessions take place on the last Wednesday of each month (except August and December) and their findings contribute to regional improvement programme as a whole via the Putting People at the Heart group and are used in local improvement work.

We have covered a diverse range of topics and the write ups from each topic can be seen here and used for local improvement work:
